

C-8 Bus Co.
251 W South St
Hagerman, Idaho
83332
208-329-9839
Tom Cooper
June 16, 2020.

- A. All buses will be sanitized before any students are permitted on the bus. All buses will be swept, all ceilings, walls, baseboards will be cleaned with a bleach solution. Windows will be cleaned; all seats and seat legs will be cleaned. Bus will be mopped with a pine-sol and dried, then bus will be mopped with a bleach solution
- B. Drivers area- All handrails will be cleaned and have a bleach solution that will be done on the handrails. Dash will be cleaned and wiped down, bleach solution will follow. Driver windshield, mirror and all drivers' controls will be cleaned and sanitized.
- C. Anytime after a student has been in the bus, the bus will be sanitized.
- D. Bus will have hand sanitizer that will be available to driver as well as students
- E. Every bus will be equipped with a mask for the driver. Driver will keep the mask on when the students are boarding or exiting the bus. Driver can wear the mask while driving, but for safety reasons we do not recommend it as it can fog up driver's glasses.
- F. Summer school routes: Bus will have one student in each seat. If the bus has a small route with not many kids, we will skip every other seat.
- G. If kids come from the same family or same household they will sit together in the same seat.
- H. Bus will have a green check in the seat, which means a student may sit in the seat; if the seat has a red "X" no student can sit in the seat.

C-8 Bus Co will adopt and practice any means to keep the students and drivers safe on the bus. C-8 Bus Co will have a cleaning checklist that will be kept at the office. Buses will be checked daily by the manager/owner Tom Cooper to ensure that all safety measures have been met. C-8 Bus Co will have two buses at all times ready to go in case of a mechanical breakdown of the school buses that are assigned to the routes.
