

Joint Hagerman School District No. 233 Roadmap for the 2020-2021 School Year

GUIDING PRINCIPLES

The following core principles will drive our decision-making as we develop clear, actionable steps for learners and employees to return to school for the 2020-2021 school year:

- We will offer a high-quality, rigorous and comprehensive educational experience for our learners, whether in-person or online and standard grading practices will apply.
- We will continue our district-wide commitment to ensuring that every learner has a meaningful connection to a responsible and caring adult. We will continue to foster the power of the teacher-learner relationship.
- We will be compassionate, empathetic, and responsive as we listen to, respect, and consider input and feedback as we work to address individuals' needs.
- We will be creative and flexible in our instruction and school operations while being responsible stewards of our resources.
- We will provide our staff, learners, and families with the support, training, and tools needed to adapt to an ever-evolving educational environment.
- We will be transparent, timely, and accurate in all communications.
- In pivoting to respond to the unpredictable future, we will remain firmly grounded in our District mission, vision, and beliefs.

HAGERMAN JOINT SCHOOL DISTRICT #233

COVID PROCEDURE PLAN 2020-21

GREEN: Traditional	YELLOW: Enhanced Traditional	ORANGE: Modified Schedule	RED: Full Distance	Return To School After COVID Exposure
<p>a. If no community spread the following plans are in place and approved by local health authority.</p> <p>b. Cleaning/disinfection plan approved by SCPHD.</p> <p>c. Encourage parents to screen students every morning before attending school and keep symptomatic students home.</p> <p>d. Plan for vulnerable students and staff.</p> <p>e. Maintain social distancing as much as possible.</p> <p>f. Limit classroom activities that don't allow for 6 feet of distance between students as much as possible.</p> <p>g. Limit mixing of student</p>	<p>a. If minimal community spread the following plans are in place and approved by local health authority.</p> <p>b. Cleaning/disinfection plan approved by SCPHD.</p> <p>c. Encourage parents to screen students every morning before attending school and keep symptomatic students home.</p> <p>d. Plan for vulnerable students and staff.</p> <p>e. Maintain social distancing as much as possible.</p> <p>c. Discuss/monitor social distancing with students.</p> <p>d. Restrict classroom activities that don't allow for 6 feet of distance between students as much as possible.</p> <p>e. Restrict mixing of</p>	<p>a. If moderate community spread (community or schools) the following plans are in place and approved by local health authority.</p> <p>b. Cleaning/disinfection plan approved by SCPHD.</p> <p>c. Encourage parents to screen students every morning before attending school and keep symptomatic students home.</p> <p>d. Plan for vulnerable students and staff.</p> <p>e. School schedule designed to limit contact by reducing the number of students in the building at any one time. Monday -A Day Tuesday -B Day Wednesday -A Day Thursday -B Day *Last names begin with A-K = A group *Last names begin with L-Z = B group.</p>	<p>a. If substantial community spread or <u>substantial</u> numbers of impacted students/staff: Fully remote learning.</p> <p>b. Fully remote learning utilizing distance learning delivery strategies. (Elementary: Google Classroom (packets for K-2 and Google Classroom) Secondary: Google Classroom</p> <p>c.No in-person school related activities allowed.</p> <p>d.A decision about staff work schedule (home vs school/office) will be made based on factors such as stay at home orders, etc. Contact public health.</p> <p><u>School Closure Protocols</u></p> <p>1. Confirmed related case(s) in a school (same group of students) a. Contact public health:</p>	<p>All surveillance of positive cases or probable cases will be done by the South Central Public Health Department and they will provide guidance.</p> <p><u>Presently, the standards for returning are:</u></p> <p>If student/staff member tested positive or was presumed positive for COVID-19 and had symptoms, they can return to school after:</p> <p>i. It has been 10 days since symptoms first appeared. ii. 3 days with no fever and/or use of fever reducing medication. iii. 3 days of symptom improvement.</p> <p>If a student/staff member tested positive for COVID-19 but did not have symptoms, they can return</p>

<p>groups to reduce potential exposure.</p> <p>h. Face coverings recommended for employees and students in cases where social distancing is not possible.</p> <p>i. Separate desks/tables as much as possible or use plexiglass dividers.</p> <p>j. Limit activities with large gatherings where social distancing cannot be maintained.</p> <p>k. Staff will limit visitors/volunteers from non-school related persons-require face covering for all visitors in cases where social distancing cannot be maintained.</p> <p>l. Sick or symptomatic staff and students will not be allowed at school until return to school status is met. Each site must have a plan in place to allow for the immediate separation of students/staff who present COVID-19 symptoms at school until</p>	<p>student groups to reduce potential exposure.</p> <p>f. Restrict activities with large gatherings where social distancing cannot be maintained.</p> <p>g. Separate desks/tables as much as possible or use plexiglass dividers.</p> <p>h. Face coverings/shields highly recommended for students where social distance can't be maintained and required for staff when social distancing can't be maintained</p> <p>h. Staff: Follow Center for Disease Control and Prevention guidelines</p> <p>i. Restrict visitors/volunteers to essential individuals - All visitors must have prior approval from the school administration or designee and are required to wear a face covering at all times.</p> <p>j. Sick or symptomatic staff and students will not be allowed at school until return to school status is met. Each site must have a plan in place to allow for the immediate</p>	<p>*Administrators will work with blended families with different last names to keep family members on a common schedule.</p> <p>f. Maintain social distancing 6 feet separation</p> <p>g. Discuss/monitor social distancing with students.</p> <p>h. Restrict classroom activities that don't allow for 6 feet of distance between students as much as possible.</p> <p>i. Restrict mixing of student groups to reduce potential.</p> <p>j. No large group activities where social distancing cannot be maintained.</p> <p>k. Face coverings/shields highly recommended in situations where social distance can't be maintained and required for staff.</p> <p>l. No visitors/volunteers allowed unless it is determined to be critically necessary by school administration or designee and are required to wear a face covering at all times.</p>	<p>Tamara Strong-208-737-5932 tstrong@phd5.idaho.gov</p> <p>b. Notify parents and staff</p> <p>c. Potential closure of <u>individual school or classroom</u> for up to 5 days in coordination with SCPHD</p> <p>d. Contact trace students/staff with close contact (6 feet for 10 minutes within 2 days of the onset of symptoms) and mandate quarantine for 14 days. This includes close contacts who may be in other schools.</p> <p>e. Deep cleaning of school</p> <p><u>Two or more unrelated cases in the same period of time:</u></p> <p>a. Contact Public Health.</p> <p>b. Notify parents and staff.</p> <p>c. Potential indefinite closure of school building or classroom-- Potential indefinite closure of <u>school building or classroom</u>-no new cases for up to 15 days in coordination with South Central Public Health Department.</p> <p>d. Contact trace students/staff with close contact (6 feet for 10 minutes within 2 days of the onset of symptoms) and mandate quarantine for 14 days. This includes close contacts who may be in</p>	<p>to school after:</p> <p>i. 10 days have passed since the test date.</p> <p>ii. No symptoms within those 10 days.</p> <p>If a student/staff member has had close contact with a person that has COVID-19, they should:</p> <p>i. Stay home 14 days after the date of last contact and monitor for symptoms.</p>
