From the Superintendent

Parents, thanks again for your support as we begin the 2022-23 school year. Our enrollment is currently at 380 students which is an increase over last year. As a result, we offer para professionals in grades K-5. We had a fantastic Open House at the elementary school with well over 100 attendees. I look forward to the high school's Open House/BBQ scheduled for September 14, 2022. Our purpose and mission is to provide a safe, secure environment and quality education which prepares our students for a life of learning and achievement. Our aim is for all students to be academic achievers, clear communicators, responsible citizens, and quality producers.

Go Pirates! **ARRGH**
